

Welcome from the Wayland Show Committee

Once again we have great pleasure in welcoming you to the 2024 Wayland Show. Our aim is to build on 2023's successful show and provide you with a great day out. Thank you for attending the show today and supporting this traditional rural event dating back to 1460.

The show would not be staged without the hard working Committee of volunteers and the tremendous support received from our generous sponsors. The traders and exhibitors continue to provide their exhibits and local crafts. Without their valuable support it would be difficult to stage the Wayland Show today.

We welcome the exhibitors of cattle, pigs, sheep and goats showcasing their breeds. The return of poultry after the restrictions of Avian influenza gives great pleasure.

The entries in the Horticulture Section give an insight into local produce and the talents of the local community, thank you to all who have contributed.

We hope you agree there is much to see and do which provides an insight into the Wayland area of Norfolk. Our volunteer force meets monthly throughout the year. If you feel that you could contribute in any way you would be most welcome!

Enjoy your day.

Wayland Show Committee
